Fee Timings

10:00 A.M. - 6:00 P.M. (Weekdays) | 10:00 A.M. - 5:00 P.M. (Sunday)

Refund Policy for Classroom Courses

No refund of any fee will be entertained under normal circumstances. If by any genuine reason, a student withdraws from the Institution, then the following rules will apply.

- (a) No refund of Admission Fee shall be made for any student for any course under any circumstances whatsoever. It is towards administrative expenses incurred by the company.
- (b) No refund will be made under any circumstances after joining the Short Term Classroom Courses.
- (c) If any student pays the fee for any course other than Short Term Classroom Courses and wants to withdraw/ask for refund before the commencement of classes/course from the institute, then only the installment amount paid will be returned along with Post Dated Cheques(PDCs).
- (d) If a student of any course other than Short Term Classroom Courses, leaves the classes / institute within 10 days from the date of commencement of the classes/course in the institute due to whatever reason, the entire 1st Installment paid will be refunded along with PDCs submitted, if any .
- (e) If a student of any course other than Short Term Classroom Courses, leaves the classes/institute within 20 days from the date of commencement of the classes/course from the institute due to whatever reason, 75% of the 1st Installment paid will be refunded along with PDCs
- (f) If any student leaves the classes/institute after 20 days from the date of commencement of the classes/course from the Institute due to whatever reason, then no refund is given on any fee. Only the PDCs (if any) which have not been encashed on the date of refund application shall be returned.
- (g) If any student drops in between the session and asks for refund, he/she will be refunded as per refund policy.

"Pro-rata calculation is done taking into account the number of days a student attended the classes i.e., from the date of starting of the batch to the date of submission of application of refund".

For example, a course starts on 4th July and a student joins on 16th July and he continues to attend the classes and the last lecture which he attended was on 14th November and if he had submitted refund application on 13th December, then the number of days to be counted will be from 4th July to 13th December = 163 days. It is multiplied by fee for one day which is calculated by dividing course tuition fee by no. of days from the starting of course to the ending date of course as per prospectus.

For the Purpose of Calculation of Refund:

- a. The date of commencement of the batch will be considered and not the date of joining of any student in the Institute.
- b. Parents must insist for receipt of refund application from the front office. The date of submission of refund application will be considered and not by the number of classes attended by the student or from the date the student stopped coming to the Institute.

Service Tax

Service Tax will have to be paid by all students and it will be as per Governments' order. If at any point of time, the Government further increases service tax, (existing rate of service tax is 15%) the extra amount of service tax will be borne by the students from the date of enforcement of the act.
